-SOLICITOR'S REPORT: NONE

-ENGINEER REPORT: Submitted report.

-In September they will be presenting to board a list of streets that will be ready for adoption and be passed on to state to be ready to be added on for liquid fuels so we will still receive funds for those but in trade we will maintain those roads. Bennett Run, Hunter Creek and Stone Gate. Stone Gate are slow moving forward so he is not sure if they will be ready.

-Road Project, the liquid asphalt has impacted almost every aspect of our life including the paving project. PennDOT has provisions, because we are using liquid fuel money which is regulated by PennDOT, that should the liquid asphalt index increase the contractor that bid your project are eligible for an increase in payment to them. That has effected your liquid fuel project, the overlay of Copenhaffer Road this year. They make some adjustments but we will see an increase in total dollars in the project.

UNFINISHED BUSINESS:

-Charles Kleber, 45 Kermis Ct., asked what is going on with the recycling, there have been questions at the previous meetings. Mr. Jordan replied that we contacted York County Solid Waste and also Piccola or Gillespie's office to see if there were any funds available to get started. We are still waiting to hear something.

-NEW BUSINESS: NONE

OTHER BUSINESS: NONE

-ADJOURNMENT: Motion by Mr. Jordan, second by Ms. Leonard, motion carried , to adjourn meeting at 7:30 P.M.
